The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a method of treating a prion disease in a mammal comprising administering to the mammal a guanidine salt. The applicants' interpretation of "a guanidine salt" limits the guanidine salt in the claims to unmodified guanidine salts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
